DUE PROCESS

ONEOVA LAW ENFORCEMENT & GOVERNMENT REQUEST GUIDELINES

Document ID: `ONV-LEGAL-LER-2026-V1`
Effective Date: October 25, 2026
Operating Entity: THE CROWNED COLLECTIVE PRESSE (operating Oneova)
Official Legal Process Intake: `thecrownedcollectivepress@gmail.com`
24/7 Imminent Danger / Child Safety Intake: `thecrownedcollectivepress@gmail.com`
Web Portal: `https://oneova.app/law-enforcement`

In Short: Oneova cooperates with lawful investigations into serious crimes (especially child exploitation, terrorism, human trafficking, and financial fraud) while strictly defending users' constitutional privacy, due process, and freedom-of-expression rights across Africa and globally. **We never grant unfettered backdoor access, and we reject overbroad or unlawful requests.**

---

1. Guiding Principles

1. **Rule of Law & Due Process:** Non-public user information is disclosed only in response to valid, binding legal process issued by a court or competent authority with lawful jurisdiction.
2. **Specificity & Proportionality:** Every request must target specific accounts (`@username`, user UID, registered phone/email, or exact post URL) and narrow date ranges. Blanket, bulk, or "fishing expedition" demands are rejected.
3. **International Human Rights Review:** Requests implicating peaceful civic speech, journalism, whistleblowing, or political opposition are escalated to Senior Legal Counsel and evaluated against domestic constitutional guarantees and international human-rights norms (including the African Charter on Human and Peoples' Rights and the ICCPR).
4. **No Backdoors:** Oneova does not install government surveillance backdoors or weaken platform encryption.

---

2. Legal Process Required by Data Category

Requested Record Category	Examples	Minimum Legal Process Required
Basic Subscriber Records	Username, account creation timestamp, sign-up email/phone, recent login IP	Valid statutory subpoena, production order, or court order under applicable national law

Requested Record Category	Examples	Minimum Legal Process Required
Transaction & Payout Logs	Coin purchase timestamps, payout mobile-money/bank reference IDs	Court order or statutory financial-crime / AML warrant
Non-Public Account Metadata	Device identifiers, session logs, non-public friend/follower graphs	Court order establishing specific legal relevance to an active criminal investigation
Private Content	Private Chat messages, unpublished Studio drafts, private Stories, deleted items still in retention window	**Judicial Search Warrant** (or equivalent highest-tier judicial court order) supported by probable cause / reasonable suspicion

Cross-Border Requests: Authorities requesting private content held outside their domestic jurisdiction should submit requests via **Mutual Legal Assistance Treaty (MLAT)** channels, Letters Rogatory, or applicable cooperative frameworks, alongside a preservation request while diplomatic process is pending.

---

3. Mandatory Contents of a Valid Request

Every official submission to `thecrownedcollectivepress@gmail.com` must:

1. Be sent from an **official government, judicial, or police email domain** (requests from personal webmail accounts are not processed);
2. Identify the requesting agency, investigating officer's name, badge/ID number, official phone number, and physical office address;
3. Attach a signed, dated, and sealed copy of the court order, subpoena, or warrant citing the specific statutory authority;
4. Specify the **exact Oneova account identifier** (`@username`, profile URL, post URL, or registered phone/email)—display names alone are insufficient because multiple users may share similar names; and
5. Specify the **exact data categories and narrow UTC date range** sought.

---

4. 90-Day Data Preservation Requests

We honor formal preservation requests from verified law-enforcement agencies for **90 days** (renewable once for an additional 90 days) while authorities obtain formal judicial legal process. Preservation freezes existing records in a snapshot as of receipt; it does not disclose data until valid legal process is served.

---

5. Emergency Disclosure Requests (Imminent Danger to Life or Child Safety)

If an authority has a good-faith belief that an **imminent emergency involving danger of death, kidnapping, child sexual exploitation, or severe physical injury** requires immediate disclosure without delay:

- Submit an official request marked `URGENT EMERGENCY DISCLOSURE` from an official government email domain to `thecrownedcollectivepress@gmail.com`.
- State: (a) nature of the imminent threat to life/physical safety, (b) exact `@username` / URL involved, (c) specific minimal data needed to avert the emergency, and (d) why normal judicial process cannot be obtained in time.
- Legal & Trust leadership evaluate valid emergency requests 24/7.

---

6. User Notification & Semi-Annual Transparency Report

- **Advance Notice to Users:** Oneova's policy is to notify users before disclosing their account information, giving them an opportunity to seek legal counsel, except where: (a) prohibited by a valid judicial non-disclosure/gag order, or (b) Oneova reasonably determines notice would create an immediate risk of harm to a child, threat to human life, flight from prosecution, or intimidation of witnesses.
- **Transparency Reporting:** Every six months, Oneova publishes the total number of government data and takedown requests received per country, the percentage complied with vs. rejected, and the number of accounts affected.
